ADVENTURE ITINERARY OVERVIEW

KILIMANJARO – LEMOSHO ROUTE (DAYS 1-9)

Trek through five climate zones on the Lemosho Route—rainforest, moorland, alpine desert, and glaciers—before reaching Uhuru Peak (19,341 ft), the highest point in Africa. Full day-by-day itinerary included below.

KENYA WILDLIFE SAFARI (DAYS 10-14)

Experience the best of Kenya with a visit to Nairobi and 5 days exploring the Maasai Mara. Game drives, optional hot air balloon safari, and unforgettable wildlife encounters. Full day-by-day itinerary included below.

WHY THIS TRIP WILL BE UNFORGETTABLE

This adventure combines two of the most iconic experiences in the world.

We'll trek through five different climate zones on Mount Kilimanjaro—from rainforest and moorland to alpine desert and glaciers—before standing together on the Roof of Africa at 19,341 feet.

Then we celebrate the accomplishment with one of the greatest wildlife destinations on Earth. The Maasai Mara is home to lions, elephants, giraffes, cheetahs, zebras, and the incredible Great Migration. Imagine watching the sunrise over the savanna, seeing elephants roaming freely, and ending the day around camp after an unforgettable safari.

It's the perfect combination of challenge, adventure, and once-in-a-lifetime experiences—and even better that we get to do it together.

WHAT COMES NEXT

Once the group is confirmed, we'll begin preparing for the adventure:

- Kilimanjaro training plans 
- Travel insurance and vaccinations
- Gear recommendations
- Packing lists and trip coordination
- Flight planning

This is going to be an epic journey!

CLIMB HIGHER. DREAM BIGGER. GO WILD. BE UNSTOPPABLE.
